Dr. Cohen Joins the Patients First Cancer Center

January 22, 2010, Washington, MO..... Patients First Health Care is pleased to announce that Isaac I. Cohen, MD, is joining the Patients First Cancer Center in Washington.

Dr. Cohen, a specialist in medical oncology and hematology, received his medical degree from the University of Illinois, Abraham Lincoln School of Medicine in Chicago. His internship and residency in internal medicine was completed at Evanston Hospital – an affiliate of Northwestern Medical Center in Evanston, IL, followed by a two year medical oncology fellowship at Rush Presbyterian St. Luke’s Medical Center in Chicago, IL. Dr. Cohen is board certified in internal medicine and medical oncology.

Dr. Cohen currently has a private medical oncology practice in Bloomingdale, IL, and is on staff at Central DuPage Hospital. He has been a practicing hematologist/oncologist for 23 years and sees a wide array of patients with various malignant tumors and blood disorders. His special interests include breast, lung and colorectal cancers as well as lymphomas. He is dedicated to the comprehensive and compassionate care of individuals battling cancer, but also takes a keen interest in the follow-up of cancer survivors.

Dr. Cohen is a clinical fellow of the American Cancer Society and an associate of the American College of Physicians. He was awarded Phi Beta Kappa honors during his undergraduate work at the University of Illinois, Champaign-Urbana.

Dr. Cohen looks forward to opening the new state of the art Patients First Cancer Center. He will be available on a full time basis at the Washington Campus to provide a full spectrum of cancer care. His goal is to provide community residents with the quality oncology care they deserve.

The Patients First Cancer Center, located on the Patients First Washington campus, is scheduled to open this coming spring. Dr. Cohen will oversee all medical oncology and infusion therapy protocols for patients at the Cancer Center. Dr. Cohen will be joined in late March by Dr. Michael Van Tuyl, a radiation oncologist, who will also be working at the Patients First Cancer Center.
